

Regional Economic Trends

for Michigan Works! Southwest Region

APRIL 2021

MICHIGAN WORKS! SOUTHWEST REGION

The Trend: The Michigan Works! Southwest Region continues to recover, gaining more than 14,000 jobs from Q2 2020 to Q3 2020. However, in January 2021, the unemployment rate was 1.5 percentage points higher than it had been in December 2020. An increasing labor force participation rate suggests individuals are once again looking for jobs, while an increasing employment-to-population ratio suggests that they are finding employment. Job postings were higher in January 2021 than in December 2020, with slightly more postings in Manufacturing and Public Administration.

REGION UPDATE

The labor force participation rate was 58.6% in January 2021. This is a 4.8 percentage point increase from the previous month.

The employment-to-population ratio was 54.8% in January 2021. This is a 3.7 percentage point increase from the previous month.

The unemployment rate was 6.3% in January 2021. This is a 1.5 percentage point increase from December 2020.

The total labor force increased by 5,769 people from December 2020 to January 2021. The total increase in employed people was 1,908, and the total number of unemployed people increased by 3,861.

Total employment increased by 9.5% from Q2 2020 to Q3 2020.

There were 3,863 job postings in January 2021. This is a 2.7% increase from the previous month.

About the Upjohn Institute

The W.E. Upjohn Unemployment Trustee Corporation was incorporated on October 24, 1932, as a Michigan 501(c)(3) nonprofit corporation, and is doing business as the W.E. Upjohn Institute for Employment Research. The W.E. Upjohn Institute for Employment Research has been conducting economic research and consultation for 75 years, since its founding in 1945.

The Upjohn Institute is governed by a Board of Trustees, which employs a President who is responsible for the overall operation of the Institute. The President of the Upjohn Institute is Dr. Michael Horrigan.

The Upjohn Institute currently employs 104 individuals. Upjohn's research and consultation program is conducted by a resident staff of professional social scientists, 12 of whom are PhD-level economists (senior staff). Senior staff is supported by a staff of research analysts and additional support staff. Upjohn also administers the federal and state employment programs for its four-county area through the local Workforce Investment Board. Upjohn also publishes books on economic development, workforce development, and other employment-related topics.

The PhD-level economists have more than 175 years of collective experience, conducting research on a broad variety of economic and employment topics. Their experience includes, but is not limited to, employment program evaluation, labor market dynamics, labor-management relations, employment and training programs, economic and workforce development, income replacement policy, worker adjustment, the role of education in labor markets, employment and compensation, disability, international comparison of labor adjustment policies, site selection experience, and state, regional, and local economic analysis.

About the Regional Team

The Upjohn Institute also has a Regional Economic Planning Services team of specialists who provide economic insights and analysis regionally and statewide in Michigan, in other individual states, and nationally. The team has experience in:

- Economic impact analysis
- Fiscal/cost-benefit impact analysis
- Labor market analysis
- Facilitating and conducting effective one-on-one interviews, focus groups, workshops, and charrette sessions in a diverse array of environments
- Economic and workforce development and education strategies
- GIS mapping abilities
- Rural and urban land use and economic development planning services
- Regional data analysis
