

Regional Economic Trends for Kalamazoo County

SEPTEMBER 2021

KALAMAZOO COUNTY

The Trend: Kalamazoo County continues to rebound, gaining more than 2,000 jobs from Q3 2020 to Q4 2020. Between May 2021 and June 2021, the unemployment rate, employment-to-population ratio, and labor force participation rate all increased. This is likely a sign that individuals are reentering the labor market but not necessarily finding jobs right away. Job postings were higher in June than in May, with registered nurse as the most in-demand job.

COUNTY UPDATE

The labor force participation rate was 60.5% in June. This is a 0.3 percentage-point increase from the previous month.

The employment-to-population ratio was 57.2% in June. This is a 0.3 percentage-point increase from the previous month.

The unemployment rate was 5.4% in June. This is a 0.1 percentage-point increase from the previous month.

The total labor force saw an increase of 739 people from May to June. The increase in employed people was 574, and the increase in unemployed people was 165.

Total employment increased by 2.0% from Q3 2020 to Q4 2020.

There were 2,734 job postings in June, an increase of 1.1% from May.

KEY ECONOMIC INDICATORS

Labor Force Participation Rate

The labor force participation rate, which measures the economy's active workforce, was 60.5% in Kalamazoo County in June. This was lower than the rate for west Michigan by 2.1 percentage points and higher than that of the state of Michigan by 1.0 percentage points.

Employment-to-Population Ratio

The employment-to-population ratio, which measures the proportion of the population that is employed, was 57.2% for Kalamazoo County in June. This was 2.1 percentage points below the ratio for west Michigan and 0.9 percentage points higher than that of the state of Michigan.

Unemployment Rate

The unemployment rate, which measures the percentage of the workforce that is looking for work, was 5.4% in Kalamazoo County in June. This was 0.1 percentage points higher than the rate for west Michigan and 0.1 percentage points higher than the rate for the state of Michigan.

About the Upjohn Institute

The W.E. Upjohn Unemployment Trustee Corporation was incorporated on October 24, 1932, as a Michigan 501(c)(3) nonprofit corporation, and is doing business as the W.E. Upjohn Institute for Employment Research. The W.E. Upjohn Institute for Employment Research has been conducting economic research and consultation for 75 years, since its founding in 1945.

The Upjohn Institute is governed by a Board of Trustees, which employs a President who is responsible for the overall operation of the Institute. The President of the Upjohn Institute is Dr. Michael Horrigan.

The Upjohn Institute currently employs 104 individuals. Upjohn's research and consultation program is conducted by a resident staff of professional social scientists, 12 of whom are PhD-level economists (senior staff). Senior staff is supported by a staff of research analysts and additional support staff. Upjohn also administers the federal and state employment programs for its four-county area through the local Workforce Investment Board. Upjohn also publishes books on economic development, workforce development, and other employment-related topics.

The PhD-level economists have more than 175 years of collective experience, conducting research on a broad variety of economic and employment topics. Their experience includes, but is not limited to, employment program evaluation, labor market dynamics, labor-management relations, employment and training programs, economic and workforce development, income replacement policy, worker adjustment, the role of education in labor markets, employment and compensation, disability, international comparison of labor adjustment policies, site selection experience, and state, regional, and local economic analysis.

About the Regional Team

The Upjohn Institute also has a Regional Economic Planning Services team of specialists who provide economic insights and analysis regionally and statewide in Michigan, in other individual states, and nationally. The team has experience in:

- Economic impact analysis
- Fiscal/cost-benefit impact analysis
- Labor market analysis
- Facilitating and conducting effective one-on-one interviews, focus groups, workshops, and charrette sessions in a diverse array of environments
- Economic and workforce development and education strategies
- GIS mapping abilities
- Rural and urban land use and economic development planning services
- Regional data analysis
