Regional Economic Trends for Branch County

APRIL 2022
The Trend: Branch County employment grew, experiencing an increase of 217 jobs from Q2 2021 to Q3 2021. Between December and January, the unemployment rate increased and the labor force participation rate and employment-to-population ratio decreased. This is likely a sign that unemployed individuals are still looking for work or leaving the labor force. Job postings were lower in January than in December, with phlebotomist as the most in-demand position.

COUNTY UPDATE

The labor force participation rate was 53.9% in January. This is a 1.1 percentage point decrease from the previous month.

The employment-to-population ratio was 51.6% in January. This is a 1.3 percentage point decrease from the previous month.

The unemployment rate was 4.3% in January. This is a 0.4 percentage point increase from the previous month.

The total labor force saw a decrease of 378 people from December to January. The number of employed people decreased by 445, and the number of unemployed people increased by 67.

Total employment increased by 1.9% from Q2 2021 to Q3 2021.

There were 121 job postings in January, a decrease of 30.6% from December.
The employment-to-population ratio, which measures the proportion of the population that is employed, was 51.6% for Branch County in January. This was 7.2 percentage points below the ratio for west Michigan and 5.3 percentage points lower than that of the state of Michigan.

The labor force participation rate, which measures the economy’s active workforce, was 53.9% in Branch County in January. This was lower than the rate for west Michigan by 7.5 percentage points, and lower than that of the state of Michigan by 6.0 percentage points.

The unemployment rate, which measures the percentage of the workforce that is looking for work, was 4.3% for Branch County in January. This was the same as the rate for west Michigan and 0.8 percentage points lower than that of the state of Michigan.

“West Michigan” includes Allegan, Barry, Berrien, Branch, Calhoun, Cass, Ionia, Kalamazoo, Kent, Montcalm, Muskegon, Ottawa, St. Joseph, and Van Buren Counties.
From December to January, the unemployment rate in Branch County increased by 0.4 percentage points, to 4.3 percent. The unemployment rate for January is 1.7 percentage points lower than it was at the same time a year earlier.

**Unemployment Rate**

(not seasonally adjusted)

In January, there were **6.7 job seekers for every job posting** in Branch County.*

—Burning Glass Technologies, BLS Local Area Unemployment Statistics (LAUS) & Upjohn Institute, 2022

*Burning Glass data capture only jobs that are posted online and in more traditional employment relationships. Singular job postings for multiple positions may not be fully counted.
The total labor force in Branch County in January stood at 18,652, a decrease of 378 people from the December labor force of 19,030. The labor force in Branch County has shrunk by 3.8% since January 2021, when it stood at 19,387. This indicates a decrease in the available labor for firms in the area.

**Labor Force by the Numbers, Q2 2021**

- **20.2%** Percentage of workers 25 and older with a bachelor’s degree or advanced degree
- **34.8%** Percentage of workers 25 and older with an associate degree or some college
- **33.2%** Percentage of workers 25 and older with a high school degree or equivalent

**About the Upjohn Institute**

The W.E. Upjohn Unemployment Trustee Corporation was incorporated on October 24, 1932, as a Michigan 501(c)(3) nonprofit corporation, and is doing business as the W.E. Upjohn Institute for Employment Research. The W.E. Upjohn Institute for Employment Research has been conducting economic research and consultation for 75 years, since its founding in 1945.

The Upjohn Institute is governed by a Board of Trustees, which employs a President who is responsible for the overall operation of the Institute. The President of the Upjohn Institute is Dr. Michael Horrigan.

The Upjohn Institute currently employs 104 individuals. Upjohn’s research and consultation program is conducted by a resident staff of professional social scientists, 12 of whom are PhD-level economists (senior staff). Senior staff is supported by a staff of research analysts and additional support staff. Upjohn also administers the federal and state employment programs for its four-county area through the local Workforce Investment Board. Upjohn also publishes books on economic development, workforce development, and other employment-related topics.

The PhD-level economists have more than 175 years of collective experience, conducting research on a broad variety of economic and employment topics. Their experience includes, but is not limited to, employment program evaluation, labor market dynamics, labor-management relations, employment and training programs, economic and workforce development, income replacement policy, worker adjustment, the role of education in labor markets, employment and compensation, disability, international comparison of labor adjustment policies, site selection experience, and state, regional, and local economic analysis.

**About the Regional Team**

The Upjohn Institute also has a Regional Economic Planning Services team of specialists who provide economic insights and analysis regionally and statewide in Michigan, in other individual states, and nationally. The team has experience in:

- Economic impact analysis
- Fiscal/cost-benefit impact analysis
- Labor market analysis
- Facilitating and conducting effective one-on-one interviews, focus groups, workshops, and charrette sessions in a diverse array of environments
- Economic and workforce development and education strategies
- GIS mapping abilities
- Rural and urban land use and economic development planning services
- Regional data analysis
